Michelle, a famous lady, has found that more than 25% students are too fat in her country. It is a very serious problem. So she starts a health program to deal with it. The health program is to reduce(减少) the amount (数量) of fat students today and in the future.

The program will get families, schools, newspapers, magazines and TVs to join together and deal with the students' obesity so that students will be at a healthier weight. The program includes: Food stores should sell healthier foods. Schools should serve healthier meals with less fat and should also offer gym classes.

The lady is trying to fight the students' obesity all over the country because it can cause illnesses and higher health cost. She wants the students to eat right, exercise more and control (控制) their weight. She also wants the students to understand it is important to have less sweet food, and drink water, milk and fresh juices, but not to choose cokes. At the same time she has also set a good example by planting a vegetable garden. She hopes that the garden will encourage more people to plant one too.

The health program is really helpful to the students today and in the future. As she says, we cannot always build the future for youth, but we can build our youth for the future.

A Talk to Myself

How time flies! I'm leaving school soon. I really have a lot to talk to myself.

Luckily, my teachers are very friendly. They not only give me knowledge but also tell me how to be a man. And my classmates are helpful. We share happiness and sadness in our school life.

However, I'm also upset sometimes. I don't take part in outdoor activities quite often because of too much homework. I know it's not good for me. I'll try my best to join in more.

I believe that my life in the future will be more and more beautiful.
